we don't have
anymore now.

It's called 'magic'.

What? Are you
retarded now?

I used the term, magic,
to make you understand
better.

But in its more
primitive...

It's Kanao.

600 years ago,
most things were very
different.

Kanao is a form
of new language.

That lets you communicate
with the nature... Ah,
everything.

To you, most language
may look like few words
connected each other.

And even if you master
this language, nothing
will happen.

But there are people
who have a natural talent
to be able to understand
other languages.

They are gifted
and who has
control to
communicate with
the world?

Only very few
of them is left now.

— What are
you then ?

Are you like a
human creature ?

I don't know what
that means, but if that
makes you understand
better, I guess I am.

By manipulating your
sight naturally, it
may be possible that
Yoruichi is still alive.

And she could have
even appeared
definitely in your

If you want to use magic to rule something stupid as a brownie, I suppose it's possible.

But even you cannot understand most language.

You could do this
until you're paid
to make magic.

It's...

It started, probably, but...

The code is
very crude.

You will be asking the nature

What's
with these shoes?

It acts like a storage .
You sealed whatever
your formation is here.

And activates it
by calling its name.

'Compassion'
'Starving'
'Peace'

These are names of
these mana stones
that the princess had.

It is sad that she
kept them in her
wallets.

Considering how many
years have passed,
I doubt they are still found
in a wallet.

And these children
have not walked in
ghosts.

These are children
stricken by those who
speak our same language.

So those who carry them
are most sorry.

At your table, I will
stand to introduce a
subject.

But for the present,
it is said that she used
her name to "break".

So, what we
need do do is ...

What, what,
what a subject.

I am going to ask you
a very simple, yet
serious, question.

Why are you telling
me such an important
thing now?

Shogakukan
JANIMES

I was hoping that you
listen to your dream and
actually try to make something
different out of the story.

Okay,
now I am
serious.

I bet he was laughing
at me when I was working
my way off to get ahead.

What a jerk.

I feel a little better
after going down a good
swamp.

Not
again...

Do I really
have to --

Do with that girl?

This is going to
be very interesting

Yes, the worst
phone.

But that is not my business. Let's talk, shall we?

About two and half months ago, I bought a small old book off of this merchant.

The book had some spells.

Who sold it?

I really don't know what I was drinking.

I was simply following a book.

I have no idea if it is the market that comes from town, or town.

Only books?

well, it was the market. Lots of stuff.

Old bags, broken chairs and so on. You know.

Did you see any small stones?

I don't think so, but then, I didn't pay much attention.

How did you find
her so quick?

Well, I saw her book.

She was wearing a short
skirt so I thought she might
be around my age.
Her dress was dirty so
I figured she was either
a maid or poor.

So I figured that
such people would
generally hang out
in markets or by
a river to launder
or something.

Oh, wow, you actually
used a brain.

You are wrong.

I am neither poor
nor a maid.

... This is the book.

Fragment would
be a... a relic

if you want to
kill someone,
you'd need to
sacrifice a human
being

if the spell is
correct and
complete?

depending on how
you write the spell
you may not even need
a fragment

You seem to know
a lot of magic

Can you do this
for me?

I refuse

I can pay you.

I don't think you
know what I need.

And what kind of
payment would be
for murdering a person?

You don't know my
side of story?

Are you still with
standing her story
like that?

She doesn't have
what we need.

Suppose are
you sleeping?

By the way, good
job, mister.

Keep something
like that.

...Ahah

I guess... I did
something wrong.

You guess? If
I didn't think of course
is that? You or me?

I think I did something
wrong. It's just that I don't
know at what point
something was done.

Let's just
leave it at that.

I think I got it.

I think I did tell
you that I don't
cry alone.

There is no other
choice for me.

You are my only
chance to get out
of here.

I decided not to think
about my chance.

... Please.

I will tell you
the story.

That's why you
came back after
running away.

You know ??

Abulir was a small country ruled by the Mountainels.
The country's product, Polypore, was loved by everyone
in the country.

The land of Idrish is a large country, rarely found
Frozen Polypore.

The king of Solbrit proposed to Princess Philpout repeatedly
but the answer from the Amazonian
queen was the same always

"Philpout is the only royal
dared to inherit the family
She cannot take a king of
another country as her
husband"

However, the king of
Solbrit didn't give up

When the king came to her
king, saying she was the
love of his life and she was engaged

The king of Solbrit was filled with despair
and jealousy

*Offended, the king's despair and
pathos turned into hatred and
now wanted Aladar*

*Aladar was the weak against the
strongest king and his armies
and, in no time, the king surrounded
Aladar's capital*

*The king entered the castle
and met the princess.
He told her with a dry voice*

You shall make a choice

Either you intend to be my queen
or be the wife subject of your country
being destroyed and death of your
mother along with everyone who is
the country

She knew well that her country
and everyone in it were in peril.
She replied, "I intend to be the queen
of Eblana!"

[ANIMES.COM]

The king smiled

You shall inherit all of Eblana to
protect your dignity

Imagery young
unlike most, flying
to the end of the journey,
the piece of mind
collected.

I swear that I do not love him,
I swear by the royal blood flowing
wounds of me.

The long glared at her with
his velvet eyes.

Then he does not need to be opened, does he?

*The princess got up on her hands
and everything and held the king's
cloak and begged, and begged
However, the king left her no choice.*

*The road is deeper but there was
nothing that would stop her from
to be murdered*

*Empire turned into
darkness.*

*And darkness gave the
prince a dark thought*

*The king believed that he achieved
his goal and rescued her
Then, he was deflected to the
Prince's surprise attack.*

*The Prince stabbed
the king, driving a dagger
deeply into the king's heart.*

The

Madame.

There's no one
to tell.

Silly, where has
she been going
every night?

She goes off
whenever I give
her commands etc.

Maybe she
will find.

That's up to you, you were
quite and sensible,
she would have been
taken care of!

My husband will
return in a week.

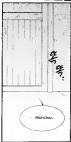

Do something
before that!

You go.

Wasted too much
time while trying to
make the look
natural.

They are trying to
tell me...

My mother died half
a year ago and I moved
into my father's
house.

I didn't want to...

Would someone
a daughter from
a woman?

I know this and I tried
to stay low.

But my step mother
and her daughter:

Truth, hated me
more than I
expected.

Whenever father
was away from
home, they made
me work like a
mule and sleep in
barnyard.

When I couldn't
take anymore
and told father:
father would get
at them.

When father's away
again, and became
gradually more
and more...

Even father couldn't take
anymore, so he decided to
find a husband for me
a little early.

But that turned out
not really. They hated
that I was marrying
before Truth.

And they hated that
father was going away
a portion of his wealth.

They decided to kill
me this time.

They poisoned food
so much that it'd
kill of person.

Truth has pushed
me twice bluntly
off again.

Father is coming home
soon, and now they've
become desperate...

I was pushed up stairs.
Pats would sometimes
kill me too.

I tried. I really did.
I did say that the unknown
things, but it's just the
truth.

What did I do to
deserve to be killed
like this?

I understood.

I am going to let you
sleep here tonight
We are leaving tomorrow

Please, don't go!

I told you my
reason!

You don't have to
tell them. Just do
something.

Impossible.

Try, do something.
You know a lot
about magic.

It's not about that
brides. I am not that
good.

It has nothing
to do with me
and.

You are asking me
to fight stronger.

And as matter
from you put it -

Even if I can never
forget, who knows
what will happen
tomorrow

He was asking to
beget in I left...

It's so cold...
I should have stayed.

Good, with you,
it will be a little
warmer

You got up running
away? Are you
playing with me?

Am I being punished
for having bad thoughts?

But they started it...
They made me like this...

... Yes, I had about
not having to kill
them.

I want to pay them
back. I want them dead.
That's why I even killed
a pet bird.

Don't worry, I am
not going to kill you
I just up

Shirley -- you
probably aren't
good enough

It's all Truden's doing
I know that much

So, I wanted to
kill her first --

I guess she will dance
with you after I am
dead --

Are there any other
ways? Is my death
the only solution?

Or I have to just
wait and get killed
like this?

-- wait

I think --

Yeah ... there it
is! that's it!

I think ...
I understand
the reason.

THEY ARE
THE SAME
I

Ad 17

What the hell are
you mumbling
about?

Dot ?
You mean Lady
Trade ?

It's not a good idea
to go there right now
Lady Trade's dead.

The daughter from
the Hockwink shop
went to get water from
the well.

Oh, my, really ?

She couldn't get water
for some odd reason, it turned
out that Trade's body was
stuck in the well.

The worst
thing is

Her mother doesn't
seem to care at all.

Margham !

— Only Trude.
may I ask what
it going on?

don't say that

I am...

JOY

Really scared
right now

My mother changed.
She doesn't care about
Trude's death.

Someone in the
house are treating
me like Trude.

"They are like 'to what'"
about Trude's death.

I guess that is how
it would have been
if I got killed
instead.

What happened?

I read ...

That there was
a spell that'd change
time.

I used it.

I couldn't afford any proper
"spymaster", so I placed these
conditions on the spell to
decrease success rate.

A, but not an experienced
for the job. If either breaks
the spell becomes
voided.

Both conditions passed
and I won the bet.

Today must have
been the day I was
supposed to be killed.
I was scared by that.

But I was more scared
by the fact that the
spell worked.

... How did you
know all that ?

Oh ?

"Self" and "Agreement"
How did you know and
how did you manage to
put those into a spell ?

Do you know
what comes you
next ?

I just... started to
understand more
language all of
the sudden.

I was staring at it
for many days.

Yes, but I wrote
down on my sheets
before writing on
ground.

I don't know --
I just -- realized
at that moment.

Oh dear I'm
not making much
sense—

DON'T SAY IT !

Why are you
raising your
voice ?

They heard

하
이

What ?
What's going on ?

You had to
do it?

We granted you
the power.

We thought
you were a
friend.

Did you had
to do it?

Give it back.

Mari !

Mari-chan ?

Raped ?
Lured - ?

Do something,
Raped !

Nothing we
can do.

We have to
stay clear

Mari - ?

Let's not let them
have that

People can't do with
that. They are going to
make an impression.

Shinjiro

Shinjiro

Why did that
happen to her ?

Because she tried
to be normal
after growing with
parents.

What did have to do
with killing Traci ?

She lost the last
one ! They pushed
her over the edge !

Was what she did
so wrong ?

She was the one who
was being threatened !

And Est didn't even
know whether the
spell would work !
It was all or nothing
for her !

In the face
of the waters

It means nothing
it's all made up
by human words

Just justice
and ?

It is a piece of
compassion
though ?

Your life has just been
proven as useless as a
piece of paper.

Even worse, your death
is desired and brings
joy rather than sadness.

I must say that
I dislike the look
that comes upon you.

I apologize in advance
that I have to do this
in the last number of

The ArcherBunch.

*You should have
killed your master
more carefully*

*Though whether
you regret your
loyalty, your master
is no longer going to
live.*

JANIS L. CHASE

Volume 1 / end

If you bring "sternity",
"Compassion", and "peace",
I will grant you a wish.

Actually... I agree.

What?
Why?
It's a wish I
want to!

Could I just be happy
and live a long life?

... How about granting
your wish without
any works involved ?

Sarah !

real estate market

Oh, yeah !
Say Sarah !

the trend to follow others.

I never run a pub
where losers don't
come at all

Just want to lead a long
and easy life.

That's like saying
you want an empty
pub !

Of course, I'd make
a condition that the
pub does well before
being granted of the
wish.

What if your
building collapses
one day ?

What if it isn't your
building and you are
just renting a space ?
What if your landlord
wants you out ?

What if your supplier
decides to cut you off ?

They forget what they were talking about
initially and started to attack each other
